

North Devon Sports & Classic Car Club

March 2022

A terrific turn out and good food at the NDSCCC Post Christmas Lunch at the Portmore Golf Club.

Thanks Judy for organising

CHAIRMAN'S CHAT

I hope that you all weathered the recent storms unscathed and that you are now looking forward to spring and the chance to get out and about without any Government imposed Covid restrictions to deal with. Of course some of you may still feel vulnerable and I would wish you to feel reassured that if you still feel more comfortable wearing a mask etc., we will all fully understand and respect your wishes.

The AGM is on 13th March, we have over 50 booked in (with Clare) for the AGM plus lunch. Can I remind you that even if you are just turning up for the AGM we still need you to book with Clare so we can ensure everyone gets a seat! We were unable to hold our AGM last year due to the pandemic so I would ask that as many of you join us as possible to help us get back in the "groove". At the start of the AGM we will be presenting the big charity cheque to Families in Grief who have been our sponsored charity for the last 2 years. We will also be choosing the charity we will be supporting for 2022/3. The Committee have shortlisted all the suggestions down to 3 local charities where we believe that our modest fundraising will have the greatest impact. In no particular order they are: Chemo Hero, Care for Kids in North Devon and Encompass North Devon and Torridge. I am sure that Ann Whitehead, our charity co-ordinator, will be able to add some detail on the day or of course you could look them up on the web.

Drive it day preparations are now well advanced. We will meet at Homebase in Barnstaple and Homebase in Tiverton both leaving off at 0915 to meet up at Quince Honey Farm for breakfast and route map issue etc (breakfast is optional and paid for on an individual basis). We will then go for a scenic drive around the fringes of Exmoor, with a "comfort break" built in before arriving at Cold Harbour Mill where we will be given a tour and a cream tea. Cost for the tour and cream tea will be £16 per head and the first cars to book in will get a commemorative "Monte Carlo" style plaque. We will have the venue to ourselves on the day so parking etc will not be an issue. An entry form and details will be emailed out shortly to all members.

With our increased membership we are also investigating a few other social type options. As most events are on Sundays we are looking at the possibility of having regular Saturday morning member meets during the "show season", venues under discussion include Bideford Quay and The Big Sheep. Also during the winter we are proposing to add to our monthly breakfast meets with a Saturday lunch meet as well on different weekends (not sure my cholesterol level could take both on the same weekend).

We will be having a stand at Powderham again this year. There have been some changes instigated by the Crash Box and Classic Car Club, not least the increase to £17 per car entry fee. So we will not be able to provide lunch for those members attending but we still have a marquee so just bring your own picnic! We will also look to subsidise rather than pay all the full cost of the tickets for members as we have done in the past. After all the increased cost is more than the NDSCCC annual subscription! Which neatly brings me on to membership subscriptions that are due from the AGM, unless you have already paid – thank you if you have as it makes everyone's job that much easier! If you are coming to the AGM the Treasurer will be available! If you have paid on line please remember to still submit a membership form as it lists the cars that you have and is useful confirmation of your contact details. And if you are at the AGM the Membership Secretary will be glad to receive your completed membership form and will have a few spare to hand!

With a busy year ahead please keep a good eye on your email inbox for both the Newsletter and entry forms etc. I know I nag on about booking in early but it really does help the organisers, most of whom are organising a number of events throughout the year for the Club. As ever don't feel you have to drive your sports or classic car if there are gale force winds, snow drifts or torrential rain etc., at the end of the day its about the people who, with a shared interest in sports and classic cars, should get together at every opportunity.

Cheers, Tim

- 3 — It allows the Club to keep the database of vehicles current
- 4 — It allows us to track attendance to see how viable / popular events are

All information is solely for the use of the Club (and NHS track and Trace where appropriate)

No information is passed on to other third parties. We trust you will support us in this matter.

Triumph Vitesse Convertible 2 Litre Mk1

1967

Engine and Coachwork Details:

2000cc Straight 6, 95bhp twin carb (Stromberg CD150s), factory fitted Overdrive on 3rd and 4th gears.

Ownership history: .

6 previous owners. Current owner since May 2020

Restoration history:

Fully rebuilt by previous owner, Steven Ford in 2015 - 2017, who acquired it as a chassis, engine & gearbox, and a pile of bits. The original saloon body was removed and replaced using a convertible rear tub. This is a common conversion and is relatively easy with the body being 3 sections bolted to a chassis frame.

Special features:

Changes from standard - Dolomite 13" wheels, electronic ignition, alternator, headlight relays. Additional gauges fitted for oil pressure, Volts and a clock, together with USB power for phone charging / sat nav. During rebuild the later Rotoflex rear suspension was fitted from a Mk2 to stop the infamous rear wheel tuck in on swing axle cars.

Other information :

In September 1966 Triumph upgraded the 6 cylinder 1600 engine to 1998 cc, in line with the new Triumph GT6 coupé, and relaunched the car as the Vitesse 2-Litre. Power was increased to 95 bhp, with a claimed 0-60 mph time of just under 12 seconds, and lifting top speed to 104 mph. (The 2-Litre was advertised by Triumph as "The Two Seater Beater"). Other detail modifications for the 2-litre, included a stronger clutch, all synchromesh gearbox, larger front brakes (still without a servo), and a stronger differential. Wider & stronger 4.5-inch wheel rims were fitted, but radial-ply tyres were still an extra cost option. There was a satin silver anodised aluminium-alloy cowling above the new reversing light, and badges on the side of the bonnet and in the centre of the grille read 2 litre. The Vitesse Mark 2 was launched in October 1968 with increased power to 104bhp and Rotoflex rear suspension and withdrawn in July 1971.
